**Technical comments:<sup>3</sup>**

There is already an existing (although expired) provision for glyoxylic acid under HTS heading 9902.29.13. The Commission suggests that heading 9902.29.13 be used for the proposed duty suspension by striking the effective date and inserting "12/31/2008" in lieu thereof. If the duty suspension in HTS heading 9902.29.13 is extended, then the three House bills on glyoxylic acid, H.R. 1959, H.R. 2244 and H.R. 2493, would not need to be enacted separately.

<sup>3</sup> The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
